https://www.udemy.com/certificate/UC-c098dcf8-f9f1-4d8f-b802-fa9cbfc9b08e/

EXPERIENCE

QUALITY ENGINEER INTERN

Achieve Without Borders | Makati NCR   August - October 2023

- Experience in QC and QA processes, project management, understanding and validating software requirements, designing test plans, executing automated and manual testing with tools like cypress, creating user manuals, implementing test cases, documenting defects or bugs, and navigating through the software development and testing life cycles.

FULL STACK DEVELOPER TRAINEE

| Novotek Academy | Online Bootcamp   Dec 2022 - Mar 2023

- Mastered HTML, CSS, and JavaScript to craft contemporary web solutions, applying React, Node.js, and MongoDB across diverse projects from simple sites to complex web apps, excelling in creating RESTful APIs with Node.js, adopting GitHub for version control, utilizing HTTP requests for data fetching, and honing data modeling skills with Mongoose, all gained through immersive bootcamp training.
